Teacher's feedback on Curriculum for the AY 2018-19

Objectives of survey : Objectives of a study are the end points for the attainment of which whole investigation is carried out. In the present survey following objectives have been framed:

To study the perception and satisfaction level of Teachers towards curriculum of PSGDC, Penukonda. To invite suggestions and recommendations from Teachers for the holistic development of institution.

Scope of survey: Scope of a study acts like boundary walls of an investigation beyond which the investigator can't exercise than the results can't be generalized. The scope of the present survey is confined to a random sample of 10 faculty belonging to PSGDC, Penukonda, Sri Satyasai Dist.

Sample composition and size: The sample for present survey has been framed in the following manner

Table : Profile of the overall respondents

Programme	Frequency	%
Arts Stream	3	33.3%
Commerce Stream	3	33.3%
Science Stream	4	40%
TOTAL	10	100

Profile of the overall respondents : The table shows that the total sample for present survey of the year 2018-19, composed of Faculty of which 33% belongs to Arts, 33% belongs to Commerce, and the remaining 40% belongs to Science Faculty.

Collection of data: Required information has been collected from 10 randomly selected faculty from at least 3 from each stream of the college with the help of well-structured questionnaire designed on five point rating scale.

ANALYSIS ACTION TAKEN REPORT

Tools and techniques used for analysis

After the survey, the mean score for each question has been calculated and then the overall mean has arrived at. The collected information has been analyzed with the help of frequency tables, percentage and Likert scale.

The following formula was used to calculate score for a question.

$$\text{Score (n)} = \frac{\text{Students response (\%)} \times \text{Scale of option}}{100}$$

$$\text{Sum of Score} = \sum \text{Score for each option}$$

After applying the above formula for the entire questions, the score and their respective sum are as follows

- To invite suggestions and recommendations from Teachers for the holistic development of institution.

Scope of survey

Scope of a study acts like boundary walls of an investigation beyond which the investigator can't exercise than the results can't be generalized. The scope of the present survey is confined to a random sample of 12 faculty belonging to PSGDC, Penukonda, Sri Satyasai Dist.

Sample composition and size

The sample for present survey has been framed in the following manner

Table : Profile of the overall respondents

Programme	Frequency	%
Arts Stream	4	33.3%
Commerce Stream	4	33.3%
Science Stream	4	33.3%
TOTAL	12	100

Profile of the overall respondents

The table shows that the total sample for present survey of the year 2021-22, composed of Faculty of which 33% belongs to Arts, 33% belongs to Commerce, and the remaining 33% belongs to Science Faculty.

Collection of data

Required information has been collected from 12 randomly selected faculty from at least 5 from each stream of the college with the help of well-structured questionnaire designed on five point rating scale.

ANALYSIS:

Tools and techniques used for analysis

After the survey, the mean score for each question has been calculated and then the overall mean has arrived at. The collected information has been analyzed with the help of frequency tables, percentage and Likert scale.

The following formula was used to calculate score for a question.

$$\text{Score (n)} = \frac{\text{Students response (\%)} \times \text{Scale of option}}{100}$$

$$\text{Sum of Score} = \sum \text{Score for each option}$$

After applying the above formula for the entire questions, the score and their respective sum are as follows

Teacher's feedback on Curriculum for the AY 2022-23

Objectives of survey

Objectives of a study are the end points for the attainment of which whole investigation is carried out. In the present survey following objectives have been framed:

- To study the perception and satisfaction level of Teachers towards curriculum of PSGDC, Penukonda
- To invite suggestions and recommendations from Teachers for the holistic development of institution.

Scope of survey

Scope of a study acts like boundary walls of an investigation beyond which the investigator can't exercise than the results can't be generalized. The scope of the present survey is confined to a random sample of 17 faculty belonging to PSGDC, Penukonda, Sri Satyasai Dist.

Sample composition and size

The sample for present survey has been framed in the following manner

Table : Profile of the overall respondents

Programme	Frequency	%
Arts Stream	5	29.4%
Commerce Stream	5	29.4%
Science Stream	7	41.2%
TOTAL	17	100

Profile of the overall respondents

The table shows that the total sample for present survey of the year 2022-23, composed of Faculty of which 29.4% belongs to Arts, 29.4% belongs to Commerce, and the remaining 41.2% belongs to Science Faculty.

Collection of data

Required information has been collected from 17 randomly selected faculty from at least 5 from each stream of the college with the help of well-structured questionnaire designed on five point rating scale.
